

## About School

The SRN International School is one of India's finest and the best CBSE Schools in Jaipur, Rajasthan, with a strong intellectual heartbeat, an unequivocal commitment to social service, and a curriculum that develops leadership. The School is affiliated to the Central Board of Secondary Education. SRN International School is one of the Top CBSE and Cambridge Schools in Jaipur, India. We believe that the purpose of education is not just to impart knowledge but to create character, discipline, and ethics among the students. We believe in developing an all-round personality of our students so that they can be responsible citizens of our Country. SRN International School is the best CBSE School with a hostel facility in Jaipur. Our six acres Centrally Air Conditioned and Wi-Fi-enabled campus at Jagatpura, make us the Best School in Jaipur, Rajasthan, India.

We can assure you that your child will get the best quality education from the highly qualified, experienced and motivated staff at SRN International School, Jaipur. The medium of instruction is English for all classes up to XII. Besides, the pursuit of excellence is the corollary of veneration. Standards of teaching & learning are set high and morale and determination are systematically molded into the students to enable them to achieve their goals. We have consistently shown extremely good results in both our Class X and XII Board Examinations.

Students are made to feel connected to everything that goes on in the world- through projects, curriculum-related activities like excursions, workshops, lectures, seminars, films, and national and international festivals and anniversaries. Teachers' and students' workshops are held by eminent subject experts. Counsellors and teachers work with parents to guide students in identifying their capabilities and potential.

## Message From Management

**Ravi Shankar Sharma IFS(Retd.)**

**M.B.A. F.P.R. (Oxford - U.K.) A.P.F. (Georgia - U.S.A.)**

**Chairman**

Education doesn't mean acquiring knowledge about the 3R's only. It goes beyond that. What children learn today, determine their tomorrow and consequently the future of the nation. Children are like clay, tender and most importantly malleable. And when you plan to take them on real early in their lives, every bit of knowledge imparted by their 'gurus' is comparable to the masterful touches of a skilled potter. Hence, every deft touch expression the child is subjected to, is imbibed as permanent impression on the child's mind and strengthens over the years to make the character of the child. Our school

strives to give every child a blend of values and skills required for advancement in an increasingly competitive world, making his/her character, a balanced disposition and confidence. Children are taught the values of hard work and broad-mindedness and encouraged to cultivate qualities needed to be successful in for socially, economically and spiritually satisfying career.

Raviesha Agarwal

## **Director (Academics)**

Raviesha Agarwal is the Academic Director of SRN International School Jaipur. She is a TEDx Speaker and a Transformative Public Speaking and Leadership Coach and facilitates Csuite executive in uplifting their communication skills and confidence. She has graduated in English and Economics Hons. Further to this she is an MBA in Marketing and International Business.

She started working at the age of 15 for the local TV channel Dainik Bhaskar as a program TV anchor. At 20 she became a teacher at SRN International School and now leading as Academic Director. Starting her entrepreneurial journey at the age of 25 with her venture called Zeeshaan Enterprises, an all women run export house. She was recognized by media houses like Femina and Hindustan Times. Due to her love for upskilling, she is in constant pursuit to learn something new. For her love of powerful and impactful communication she had been personally mentored by serial entrepreneur Eric Edmeades, an author with Mindvalley and Tony Robbins.

Mr. Apaar Sharma

## **B.Tech Miami University, Ohio, USA**

### **Director**

In its early stages, the human mind is a coarse grain of sand, recurring a nurturing shell of a broad spectrum of earning opportunities and experiences. It eventually gets nourished into nature's most gifted ominous pearl of creative ideas, knowledge, and critical thinking that ever revolutionized the world. We are delighted that you have shown

immense trust and cooperation in us and considering S R N International School for your ward's future. This institution has honed and fine-tuned a learning and life-skilling system that has been coveted and benchmarked across India and the region for the last two decades

"We cannot always build the future for our youth, but we can build our youth for the future."

Franklin D. Roosevelt

These words by Franklin D. Roosevelt perfectly describe our aim at S.R.N. International School where our students experience a holistic learning environment. Our aim is to teach students to LEARN, not just STUDY. Hence, we strive to travel beyond the boundaries of mere books. We have realized that the future is abstract and unknown but the youth in our hands are real and can be moulded.

We focus to unearth every child's talent and provide opportunities that will enable them to discover something exciting and enthusiastic for them by which the learning and buoyancy are always at par with each other.

The academics and extracurricular activities at SRN, add a remarkable educational experience to student's life. Education is not just about the subjects that are learned and taught in school becoming educated is not restricted to being in school and then in college, gathering certificates, and feeling proud of oneself. It is a lifelong exercise that can be unbelievably exciting if only we wish to jump onto the train of experience and take a trip to every conceivable place on the earth.

Mrs. Usha Sharma

**A.E.P. (Georgia-U.S.A) CBSE NATIONAL  
AWARDEE**

**Principal**

SRN International School, Jaipur is the best residential school in Rajasthan affiliated to CBSE, New Delhi and Cambridge Board (UK). The school is a stepping-stone for students who wish to go for higher education abroad and get a cutting edge in the era of Globalization.

SRN International School holds the firm conviction that knowledge is not only a necessity but is desirable as well. Learning skills are important, but each individual shall be encouraged to develop a mind with such knowledge that is a prerequisite for a civilized life. The school promotes a philosophy of education, which holds that knowledge must be acquired and rigorously tested.

Our School places particular emphasis on excellence. It is an excellence, which comes not from being at the top of the class or an athletic champion. Rather, it is realization and motivation that comes from within. At SRN, we strive to inculcate a spirit of rationalization, and learning through observation and experimentation among the students.

## VISION

The vision of SRN International School is to produce responsible young people, of whom all of us can be proud. To encourage children to think independently, to be passionate about what they wish to do, and to value excellence, with knowledge, confidence, compassion and cheer. Children must proceed to make the world a better place than they found it.

## Mission

Our mission is to develop young Children with creative and active minds, a sense of understanding and compassion for others and the mettle to act on their own beliefs. We emphasize on the holistic development of every child be it spiritual, moral, intellectual, social, emotional and physical. We aim to achieve excellence in learning both within the classroom and beyond, for which teachers are empowered to guide children with means to imbibe knowledge, this would nudge the children to grow into full bloom.

Inspiration - Father's message - Shri Ram Niwas Ji

This School was a dream of our mentor Sri Ram Niwas Sharma, (1928-1994) Raipura, Jagir, Sikar (Rajasthan) Renowned Educationist, Philanthropist and Freedom Fighter. His dream is our mission. At SRN International School we believe that the true purpose of education is not just imparting knowledge, but also encouraging personal empowerment, not just the growth of the mind, but the development of character, discipline and ethics as well, which leads to the all-round development of children.

Our Motivator - Mother's Message - Matashree Vimla Devi

"Education is an instrument of empowerment to equip our people to help them become economically independent and self-sustaining". What started out as a simple dream has blossomed into a beautiful reality. It was our vision to become the center of excellence comparable to the best in the world equipping our children with leadership qualities and righteousness.

## Infrastructure

SRN International School, Jagatpura, Jaipur is a fully air-conditioned world-class best Co-Educational Residential School spread over 6 acres of land. An infallible system of 24\*7 security on the campus is ensured through strategically located surveillance cameras & CCTV monitoring system manned by trained security personnel.

A **Wi-Fi campus**, complete with spacious E-classrooms, multimedia library, computerized Labs, Language Labs and Integrated Science Labs, Robotics Labs and Conference rooms are our academic infrastructure, which is at par with international standards.

The '**Green Campus**' concept has been employed in the planning and construction of the school. The highlights of this approach include solar heating, water harvesting, recycling of waste, plastic free & chemical-free landscaping. In the restrooms, through the method of steam cleaning, the toilets are cleaned and sanitized. This helps prevent germs and keep the toilets infection free.

A **hygienic cafeteria** and dining hall with a large seating capacity have been designed to make lunch hours comfortable and enjoyable. In congruence with the policy of healthy eating, the school does not provide 'junk food' and aerated drinks.

SRN International School, Jaipur is the **best boarding school in Rajasthan..** It provides the best international standard boarding facilities separately for boys and girls. **The hostel rooms are fully air-conditioned.** The design of our hostel rooms gives enough space to children to help them create their own personal identifying domains. Along with this, the enormous common room with a 48" LCD, computers and a few indoor games like chess and carom board, assist in their recreation. There is 24-hour power backup supported by generator.

SRN International School is the best boarding school of Jaipur with synthetic **Lawn Tennis court facility** of international standards. The students are trained by professional coaches with the motive of a champion's beaming smile.

**Swimming** is a great fun and form of all-round exercise. SRN International School Jaipur is the best boarding school in Rajasthan for boys and girls with the best swimming pool facility. The splash pool is also there for toddlers. A swimming trainer is always available for assistance.

The availability of **Green Gym** is like the icing on the cake where teachers and students can get trained and keep themselves fit and shape by exercising regularly amidst lush green surrounding under the guidance of a trainer. SRN International School is the best CBSE School in Rajasthan which provides Green Gym with the trainer.

SRN International School is the best CBSE and Cambridge School in Jaipur which provides **training for Self-Defence** and Martial Arts, to make them students physically and mentally strong.

SRN International School is the best CBSE and Cambridge Co-Educational institution in Rajasthan which provides **Hockey training** in the suitably maintained Hockey grounds.

## Our Fraternity

The school is headed by the Principal who is CBSE National Awardee, having vast experience and has travelled around the world. Her concrete experience is reflected in her planning for the betterment of the pupils and the school. The staff at SRN is drawn from around the world, highly experienced, motivated and well-qualified staff pass on their knowledge, skills and enthusiasm to their pupils.

1. SRN International School, Jaipur is the best Pre-Primary School of Jaipur.

In the Montessori and Primary School Department, class teachers are responsible for most of the subjects taught to their students.

2. In the Middle School, there are specialized teachers in English, Mathematics, Science, ICT, Hindi, French, Sanskrit and other subjects.

3. In all sections of the school specialized mentors are responsible for Music, Arts, and P.E.

4. Teachers, Administrative, Facilities and Service Staff all work in imparting knowledge and honing skills of the students to make them enviable citizens of the world

## Academics

### Play school-Cutie Pies

SRN Cutie Pie is one of the Best Play Schools and Pre-Primary wings in Jaipur.

Rajasthan.. When students feel respected, supported, appreciated and valued, learning comes much more easily. Steps are taken to create a positive environment in the classrooms of Cutie Pies at SRN International School that helps each child to reach his/her full potential.

Students thrive in an environment where they feel safe, nurtured and respected. Such an environment is created that optimized student's learning. Out of many, one such step is keeping the classrooms cosy and warm during the winter season which helped them in enjoying various activities conducted in the classroom. The blowers were placed in every classroom of the cutie pies to keep room warm and comfortable

We aim to get the best from every child at SRN International School by setting high standards; through dynamic teaching; by focusing on the child as an individual and by ensuring that in all areas of school life, there is a positive and encouraging atmosphere where achievement is a reality for all and where pupils learn to think for themselves and to acquire the skills as independent learner.

We expect good manners and common courtesy towards all people in all situations and promote appreciation of and respect for differences. Students are taught dining table etiquette, caring of grand- parents, planting trees and respect of elders through interesting activities full of fun and enjoyment.

Our objective is to produce pupils who are resourceful, motivated, imaginative and reflective so that they can blossom and flourish in the future.

## Primary School

The Primary School at SRN emphasizes education that reckons to holistic development and covers basic subjects such as English, Hindi, EVS and Arithmetic, and special stress is given on reading, writing, spoken English and life skills. An experienced and trained faculty focuses on imparting quality education which prepares them better to deal with subtleties. The curriculum is designed to ensure that our students have the **Best Environment** to support their **learning and Development**

## Secondary Education

It serves as a link between elementary and higher education and plays a very imperative role in this respect. A child's future depends a lot on the type of education she/he receives at the Secondary level. Apart from grounding the roots of education of a child, Secondary Education is instrumental in shaping and directing the child to a bright future. At this stage education is served to move on higher secondary stage as well as to provide generic competencies that cut across various domains of knowledge as well as skills. It focuses on quality education assuming greater meaning today when we consider the emerging challenges in our society. Our students have access to a broad range of activities that fall under sports, arts and academic interests.

## Senior Secondary School

Change is the catchphrase at this stage of life. In order to equip the youth to cope with change in life, it is essential that they be guided soundly and correctly. The Senior Secondary Stage assumes great significance as students for the first time move toward diversification and specialization, while also preparing students for higher education. Broadly speaking, there are three standard majors or specializations in the academic stream: Science, Commerce and Humanities

As such, these are better placed to exercise a choice of course keeping in view their needs, interests, capabilities and aptitude, which would enable them to cope up with the challenges of future.

Career Guidance and Counselling sessions are organized throughout the year for the students of the Senior Secondary School. SRN International School has Tie-up with Oxford High School at America, which provides great opportunity for the students to get direct admission abroad. In today's world of globalization marked by competitiveness and challenges, it is required more than ever before that the school sets its own standards comparable to international standards. Thus the school has to its credit well-thought-out courses of study, detailed curricular outlines, identification of learning outcomes, a variety of instructional materials, audiovisual, Smart classes, and improved evaluation tools.

## Hostel

SRN International School is the best day cum residential school with separate AC hostels for both girls and boys. The school provides well-organized comfortable Hostel life with the Homely Environment of love & Personal Care.

There is constant supervision and monitoring of students' activities and emphasis is laid on their safety along with studies. The hostel is ensconced in a verdant, lush

green ambiance and the high concrete walls to keep the premises fully protected. [CCTV Surveillance](#) ensures a safe haven for the students.

The hostel facility has been made is available to children ranging from class I up to XII.

### [DINING HALL](#)

Having food is a solemn ritual. Even doctors advocate that food should be had in complete silence.

An orderly environment pervades in the dining hall. The school lays a special emphasis on the quality of food to be

served to the children. Delicious, well-balanced, and nutrition-dense food is served to inmates in close supervision.

The school offers Breakfast Midday Meal and Afternoon Snacks. Dinner is followed by an elaborate spread of desserts.

Early morning milk is compulsory for all residential students. Purely vegetarian, the meals start with prayers.

RO Filtered water is available at all prime locations of the school. Table manners are observed and etiquette is maintained at all times.

Cuisines vary, from North Indian, and South Indian Continental to the Chinese in the menu cards.

All efforts are made to ensure that only wholesome and nourishing meals are served in the most hygienic conditions

As the main purpose of Boarding school education is to provide a [Complete Education](#) to the child, a special work schedule involving fixed hours for play & study has been prepared for implementation.

### [OUTINGS](#)

To promote comradeship, sharing and learning by experience the school arranges excursions and educational tours for the students. Every weekend the students are taken for an outing that refreshes them.

## [Day boarding](#)

[SRN international school Jaipur](#) has the finest [day boarding](#) facility in Rajasthan. The School recruits only top-of-the-line teachers in every discipline, carefully chosen, having the aptitude and experience to teach children to offer day

boarding education with no homework concept. The children are made to stay back after school and after a short duration of relaxation and meals, the homework is got done at the school itself and even the children are prepared for upcoming challenges of life in a stress-free environment. After the completion of the work, students are provided training in various sports activities by the best trainers, be it [Martial Arts, Skating, Lawn Tennis, or Swimming](#). Day Boarding facility is inordinate support for working Parents.

## [SRN Day Care](#)

SRN International School Jaipur has [the best Day Care Center](#) which is fully air-conditioned to keep tiny tots comfortable. The child-care program is designed to provide a safe and secure environment for the babies. Each teacher who is the primary caregiver for the little ones is a nurturing child professional and is responsible for the baby's developmental times – those critical one-to-one moments of love, care, play, and communication. It is situated within the campus to facilitate working parents. The campus is spacious and lush green so that children move around and learn through stimulating activities under the supervision of a team of well-trained and experienced staff.

The Daycare Staff currently consists of 4 teachers and 2 assistant teachers, and sufficient is supported by sufficient full-time caregivers that look after the needs of the children. The decree of the daycare is to ensure that children grow in a safe and intellectually-stimulating environment.

SRN Day Care has the [child care space and learning ecosystem](#) that helps your tiny tots to:

Explore a rich sensory environment filled with different experiences of sights, sounds, textures, and sensations.

Develop fine motor skills and environment to grow, roll over and pull up, crawl and step out into the world.

Develop a sense of community that helps your child form relationships that foster a sense of security and trust.

Explore the world with well-structured learning zones and materials that spark curiosity and provide a different experience

## [Facilities](#)

### [IT Classrooms](#)

Digital classrooms have been creating a revolution in the educational sector. Embedded with modern day technologies, SRN international School is having

cent percent [IT classrooms](#) which offer an interactive environment to the students where they may clear all their concepts while having endless fun.

Benefits of digital classrooms are a lot more than one can ever think of. They are ideal for educating the little angels in the most interesting way and helps them in retaining their knowledge. They have not only changed the perspective of students towards studying but have also helped the teachers in preparing dynamic multi-media lessons which can be interesting for students. Learning is more of a fun and less of a burden with the introduction of such digital classrooms in education.

School Gurus can interact with all the students and thus keep every child engaged and focused. Moreover, these classrooms provide the Teacher-student collaboration in a smart approach in smart classrooms.

### [Swimming Pools](#)

Swimming is a great form of all-round exercise. It's ideal if you want to be more active and stay healthy, whatever your age or ability. Regular exercise carries many physical and mental health benefits. Swimming is one of the best ways to turn healthy and fit, and increase your energy levels. Whether you are swimming for leisure, fitness or entertainment, our extensive pool facilities will meet and exceed your expectations. The state of the art pools at SRN International School are well maintained to provide you a cool experience.

### [Lawn tennis](#)

SRN International School is the best [CBSE Schools](#) with synthetic ground maintained at fixed parameters. Scientists and doctors around the world point to tennis as one of the healthiest activities that one can participate in because it delivers physical, mental and emotional gains. Tennis engages your mind and body at the same time, unlike a traditional workout in the gym and is hence a more fun way for a workout. From playing tennis one can develop a work ethic, learn sportsmanship, accept responsibility, manage mistakes, enhance discipline, learn to compete, cope with pressure and adversity, develop healthy habits and more, skills which are beyond the realm of academics. By keeping this in mind SRN International School Jaipur is accoutred with best [Lawn Tennis court](#) of international standards. It is well equipped with Synthetic Court which gives exposure to the upcoming sportsperson.

The classes are held by certified professional coaches as well as by famous tennis player .

- Qualified trainings for both children and adults;
- Training on an individual basis and in groups;
- Classes on body-conditioning;
- Total training process for every sportsmen;
- Weekend tournaments.

SRN Lawn Tennis Court trains the students with a motive of champion's beaming smile. We teach you not only how to play and win but also how to do it with a smile.

### Table Tennis

Sports provide a whole gamut of options. If one hesitates to go out in the sun, one can enjoy the same intensity and competition in indoor sports such as badminton or table tennis. SRN International School is well equipped with fine and best Table Tennis facility.

Table tennis is a sport one can enjoy whatever their age or physical attributes. Whether you're young or old, able-bodied or disabled, everyone can enjoy playing table tennis at some level.

S R N campus is adorned with the state-of-art equipments for Table Tennis. Along with it, well trained coach and qualified instructors are available to guide the students step wise through different levels.

If you play at a basic, beginners level, it's a simple sport to play, but if you want to play at the highest level you'll discover that it's one of the hardest and most physically demanding of all sports.

Recently,our school has successfully hosted the Inter School Table Tennis Tournament of the school who are the member of Sahodaya Complex.

### Gymnasium

SRN International School is having best green gym with latest facilities in it. SRN Gymn has the latest high-tech cardio and strength training equipment to help you meet all of your fitness goals

Gymming is a term derived from gym or gymnasium. It refers to the act of working out in gyms and exercising using gym equipment. Gymming involves physical training with and without weights, floor exercises, cardio exercises, etc. The sessions of gymming are designed for students and Mentors who are keen to lose weight, want to get into shape or be physically active. Gymming has several

advantages. It can give you a break from your daily monotonous routine, it is a good means of rejuvenating and it can also motivate you to overcome your physical limitations. Most importantly, it can make your life better in terms of improved health and fitness. It also improves mental focus and concentration. It brings a change in your eating habits as well because your gym trainer or instructor will be scheduling your diet. Although joining a gym can be a bit costly, but it is extremely helpful for people who cannot find time to exercise at home.

## Music

SRN International School is furnished with world class **Music and Dance room**. Here students are trained so that they may get blessings of Goddess Saraswati. We strongly believe that music is an art form and cultural activity whose medium is sound and silence. The common elements of music are pitch (which governs melody and harmony), rhythm (and its associated concepts tempo, meter, and articulation), dynamics (loudness and softness), and the sonic qualities of timbre and texture (which are sometimes termed the "color" of a musical sound).

Different styles or types of music for instance classical, semi-classical etc may emphasize, de-emphasize or omit some of these elements. Music is performed with a vast range of instruments and with vocal techniques ranging from singing to rapping, and there are solely instrumental pieces, solely vocal pieces (such as songs without instrumental accompaniment) and pieces that combine singing and instruments.

Music is capable of a number of health benefits including lowering stress levels, raising states of consciousness, changing moods, accessing different states of mind, developing the brain and is useful in meditation -which has a ton of health benefits. Hence music lessons are given to the students so that they can perform well in Academics too.

## Aerobics

Dance aerobics is generally a high-energy workout that aims to improve your cardiovascular endurance. Workouts are typically set to fast-paced music that determine the pace and rhythm of your movements. This approach to exercise helps optimize the amount of calories you burn by keeping your heart rate elevated throughout a session. Dance aerobics is therefore ideal if you are trying to lose weight and tone muscles. The various stepping and jumping movements can be enhanced by incorporating a stepper

into your routine, and you can hold light dumbbells to make your arms and shoulder work harder.

**Aerobic dance** requires you to memorize a number of steps. Your instructor may start a workout with one simple movement and add more and more movements to the sequence as the workout progresses. **This type of mental training can help you improve your cognitive skills.** Dance can also help improve the memory of Alzheimer's patients. The fast pace of dance aerobics forces you to quickly adapt to sequence changes and remember new steps. In this sense, dance aerobics keeps you on your toes, both physically and mentally.

## **Robotics Lab**

**SRN International School has the best a well equipped Robotic Lab with state of art equipments and kit. The main motive is to develop an understanding of the relationship between science and technology. It deals with the design, construction, operation, and use of robots, as well as computer systems for their control, sensory feedback, and information processing. These technologies are used to develop machines that can substitute for humans and replicate human actions. Robots must never harm human beings. It demonstrates ability to solve problems and think critically by completing challenging group and individual projects while understanding the key elements of how the concepts underlying a problem can lead to the design and production of a viable solution. They are also told that Robots must work without violating the other rules.**

## **Library**

**library is not just a building with stacks of books but it is a space where student come together to share ideas, be creative, access information, and even read. Instead of thinking of it so literally, we should think of it as a more active space and evolving.**

**The school library provides information and ideas that are fundamental to functioning successfully in today's information and knowledge-based society. The school library equips students with life-long learning skills and develops the imagination, enabling them to live as responsible citizens.**

**The library contains the books and other information sources, ranging from the fictional to the documentary, from print to electronic, both on-site and remote. The library is equipped with a career counseling section and Teacher Resource center to cater the needs of all students.**

## Counselling Center

SRN International School have a counseling centre taken care by well trained councilors. Counseling aims at helping the students understand and accept themselves “as they are”, and counseling helps the student to help himself. The main objective of counseling is to bring about a voluntary change in the students. For this purpose the counselor provides facilities in the form of guidance, to help achieve the desired change or make the suitable choice. The main objective behind this is to give the student information on matters important to success. It will be of help in solving his problems. Timely and effective counseling establish a feeling of mutual understanding between student and teacher. It also helps the students in knowing himself better-his interests, abilities, aptitudes, and opportunities. It is the best approach to encourage and develop special abilities and right attitudes and inspire successful endeavor toward attainment. Last but not the least it assists the student in planning for educational and vocational choices.

## Counseling Goals

At SRN we believe that the counseling is to help individuals overcome their immediate problems and also to equip them to meet future problems. Counseling, to be meaningful has to be specific for each client since it involves his unique problems and expectations.

## Health Care

The health care centre at SRN International is the best and most efficient organ in the school. It contributes to the maintenance and improvement of the health of pupils and school personnel including health services healthful living and health education”.

Childhood is the age of learning and it is the time when a child start developing practices and attitude towards health. It is very important to target the children for oral health awareness and demonstration of correct methods for oral hygiene.

## Clubs & Societies

### Astronomy club

The astronomy club at SRN allows students to know more about celestial objects. Because of the involvement of hands-on activities and observation

sessions, the astronomy club is very popular amongst the students. It is like building blocks for preserving the passion and interest amongst students and providing proper resources and information to curious minds, which is the stepping stone in the making of future astronomers and scientists. During Annual Exhibition and Inter school activities, it gives them a peer group to share their passion and learning..

More precisely, Astronomy Club leads to useful extra-curricular activities in school to promote interest in astronomy and polish other skills. Through these activities, observations, and concepts students understand astronomical phenomena and develop scientific reasoning.

#### Commerce club

##### Open configuration options

To meet the challenging needs of the corporate world environment, it is not just sufficient for a student of commerce to be sound theoretically but must also be exposed to the outer world in a dynamic way to face practical situations. Commerce club was regulated in school to enrich and empower the students with academic and technical excellence. The club provides an opportunity for the students to interact with business experts in the industry or young entrepreneurs of Start-ups.

Students are also encouraged to plan and organize school events which give them exposure to become event managers. Such activities build self-confidence and a proactive approach.

#### Creative Art Society

##### Open configuration options

Talent, creativity, productivity, and achievement are terms that define Creative Art. Arts and crafts are an essential part of the school curriculum, especially given the academics-oriented performance parameters prioritized by parents and educational institutions. It is a fun way for students to learn about making simple objects into works of art.

The club members experiment with creative artwork by using simple, ordinary materials. The objective of this club is to promote and support art enthusiasts and to propagate and contribute to special occasion activities

held at SRN. The purpose is to encourage creative expression, create artwork around campus, and bring together a group of like-minded students. The club organizes different activities like rangoli, painting, drawing, composition, ceramics, collage, and architecture.

The activities are easy, thought-provoking, and educational. Such activities help them to explore different themes.

#### [Cutie Pie club](#)

##### Open configuration options

It's our Kindergarten Club dedicated to our tiny tots to help them become more comfortable with the transition into Kindergarten. Through the rainbow of activities, we empower children to reach their full potential. Through multiple activities, children experience using a wide range of art materials and learn new techniques. From water colors to pastels and mixed media, they are inspired to develop their creativity, stimulate their mind and put their mark in masterpieces they take home – in a warm, relaxed, and welcoming environment..

#### [Dance and music Society](#)

##### Open configuration options

It is said that Music is an extremely important subject for all children to learn and can lead to better brain development, increases in human connection, and even stress relief Dance is a holistic exercise that builds one's mind and body. Adding music and dance to academics is not a diversion or disturbance but can make students better in life. Hence, keeping this in mind SRN International School regulates Dance and music society. Not only do they learn to dance and music, and engage in physical activity but also experience something that highlights their spirit. Student members of this club believe that club activities are a great way to release energy, shed inhibitions, and let their emotions out. When they dance they feel good, it keeps them happy and more focused.

#### [Digi Ex club](#)

##### Open configuration options

This club is formed to enhance the skill level of a student other than the regular curriculum and give benefits to a student who wants to do more activity with their talent in the field of computer technology & networking. The students of Digi ex Club explore computer and related technology, including hardware, software, networking, Internet access, and Website development. Participants gain hands-on experience through workshops and project-based competitions.

This club fulfills the objective to enhance the skill level of students other than the regular curriculum and to give benefit the student who wants to do more activity with their talent in the field of computer technology & networking.

#### [EXUN club](#)

This club works as a team to connect and unite our esteemed alumni network, which constitutes a huge body of immensely talented, versatile, dynamic, and successful alumni

This club is created and run by alumni volunteers with fellow alumni in their region who wish to reconnect with their school's juniors and mentors, i.e., SRN, to share their experiences and interests. The alumni club recognizes the power of networking and provides them opportunities to share experiences and traditions, network during events and programs, and help each other in personal and professional development..

#### [Eco Freek club](#)

##### Open configuration options

Eco Freek club at SRN empowers the students to participate in and take up meaningful environmental activities and projects. It is a forum through which students can influence and engage their parents and neighborhood communities to promote sound environmental behavior. It will empower students to explore environmental concepts and actions beyond the confines of a syllabus or curriculum. It is not just an extracurricular activity but is a priority subject in the national curriculum. It motivated students to learn about the environment and to take action to improve their immediate environment. It also provides a wonderful opportunity to help generate awareness, build attitudes and enable students to take up activities in the real world, in a way that the constraints of the classroom and curriculum won't allow.

### [Economics society](#)

The Economics Society aims to provide students with a chance to debate and further develop their understanding of economic and business issues and how they relate to the world at large. We plan to accomplish this goal through meetings, debates, and public events. Our mission is to create leaders in the field of Economics who lead the community in eradicating economic and financial illiteracy, a condition that deprives citizens of their dignity and independence and the right to stake a justified claim on the nation's economic prosperity.

Through the different activities, students get the chance to highlight the relevance and importance of Economists in society and the process of nation-building/ reconstruction and to create an active and vibrant think-tank composed of practicing economists on issues of local, national, and global importance.

### [Entrepreneur Development Cell](#)

The Entrepreneur Club aims to provide a conduit by which students can access entrepreneurial resources, network with community entrepreneurs, and share ideas. The club is dedicated to further understanding new and small businesses. The club focuses on building leadership, innovation, business, and leadership competencies. The members of the club get the opportunity to participate in competitions like I- create to sharpen their entrepreneurial skills. Under Leadership Talks, they get plenty of opportunities to interact with established and upcoming entrepreneurs on topics ranging from vision, coping with failures, start-ups, ethical innovations, etc. This club provides a wide spectrum to students who dream to be successful entrepreneurs.

### [French society](#)

French Club is a social setting to promote the French language and culture. The French Club aims to promote the French language and francophone cultures around the world. The club was created to offer students opportunities to celebrate French culture beyond the classroom. Students explore the various attributes of French culture through games, movies, music, arts and crafts, cooking activities, and much more!

### [GUTS Club](#)

GUTS which means Growing Up Thinking Scientifically is a Science club that channelizes the energies of students and make use of their skills and talents,which satisfy their instincts and urges and helps in their overall personality development. Through activities of this club, learning science becomes joyful.The club is one of the better platforms for the SRNians to realize their scientific skills, and knowledge and fulfill their quest in doing science activities for which they do not get ample opportunities within the curriculum framework. It will create students in the scientific thinking process and also develop a scientific and rational attitude. Precisely, the club plays an important role to integrate a better understanding of the earth's nature and diversity of information sources.

#### [Geographical society](#)

##### Open configuration options

The Geography club plays an important role in creating interest in geography among students in school. This helps the students in having an idea of the practical utility of geography in addition to creating their interest in Geography.It aims to develop knowledge and insight among the students regarding the geography of India as well as the world. Along with imparting knowledge club also focuses on activities related to saving of Environment and surroundings.Students of this club participate in Tree Plantation (Environment Day), Visit Agriculture fields to know about soil type, Soil testing, crop patterns, land uses,etc. and it also helps in increasing awareness about the conservation of water with the help of slogans, posters etc and rainwater harvesting.

#### [Gourmet club](#)

##### Open configuration options

This club has a group of people who gather together regularly to take on a large cooking project or explore unfamiliar cuisines across the world. The main reason is that there's enormous fun to be had when a group of people gathers together, roll up their sleeves collectively, and get something delicious done. Students love being a part of this club for many reasons. Besides being a lot of fun, they always learn something from their fellow chefs: a new technique, a new source of ingredients, a short cut and become experts in preparing various delicacies.

### [Green Panther club](#)

#### Open configuration options

This club empowers students to participate in and take up meaningful environmental activities. The goals of the Green Panthers Club are to increase awareness of environmental issues among faculty, staff, administration, and students; assist faculty, staff, administration, and students to become better stewards of the environment. The club is involved in planting trees and creating awareness among students to promote an eco-friendly campus by saving electricity, and water and promoting vermiculture composting on the campus. Joining this club is good for students who are interested in biological sciences, medicine, or veterinary science. This club also works well for students who are interested in Geography and Earth Sciences. In a nutshell, this club plays an important role in creating environmental awareness amongst the future generation. It is a platform where students get knowledge about the environment and enables them to be sensitive towards environmental concerns to tackle environmental problems.

### [Health and Wellness society](#)

SRN International School positively influences the habits, attitudes, and knowledge of students to have healthy, fit, and productive youth in the country. This club can modify the behavior of students toward the attainment of optimum health. Physical Education caters to providing physical fitness which is an important component of wellness. Physical Education supplements the activities of the health and Wellness clubs by providing

Opportunities for physical exercise and bodybuilding. Wellness has been defined as the constant and deliberate effort to stay healthy and achieve the highest potential for well-being. Hence, students are encouraged to follow a few easy and essential tips to stay fit and healthy. For instance, sleeping 7-8 hours every night, eating nutritious meals, abstaining from sweets and fats, and maintaining ideal body weight. The students of this club along with their mentors take care to spread the message of ' Stay fit & stay healthy''

### [Heritage club](#)

To promote students' awareness of national identity and appreciate different cultures and races of the world, a heritage club was initiated in the school. It is the club that brings students together to get history out of textbooks and into their daily lives. By exploring the world around them in

an exciting and energizing way, they can become better students and ambassadors of our school by participating in community service, engaging in history in multiple different facets, and celebrating those that came across.

This Club is an umbrella for several activities associated with the Social Studies Department. Students gain knowledge of history through research, site visits, and exposure to guest speakers. It also helps students to learn and develop historical research and writing skills.

### Hindi Sahitya Vrinda

Open configuration options

To inculcate a sense of pride in the National language and understand the importance of Hindi, this club was initiated at SRN. It helps the students in developing literacy skills through enjoyable activities. Through these activities, students get the exposure to classical Hindi language and literature. The club focuses on enhancing the creativity of our students. It allows students to create their speeches, nukkad-nataks, and plays, compose poetry and also write essays to express their thoughts and feelings. Nukkad-Natak which is an integral part of the Hindi Sahitya Vrinda, where students are not only being made aware of important social issues but are encouraged to take on the responsibility of spreading its awareness. The activities like debates and extempore to develop thinking and analyzing skills in students are also conducted.

### Ikebana club

Open configuration options

Ikebana is traditionally, the classical art of Japanese flower arrangement; the meaning of the term was later extended to encompass all the various styles of Japanese floral art. This club at SRN encompasses to teach this exclusive art to the students. Flower arrangements are a simple and effective way to amplify the welcome setting of any given space. This club gives the message that Flowers are more than just decoration. They can breathe new life into a room and positively affect your state of mind.

### [In Yoga Club students](#)

Yoga Club is a club dedicated to the practice of yoga. Students along with their mentors practice different yoga poses & while learning about the practices of yoga they also learn how yoga can be used to manage stress, improve the mind-body connection, and increase strength and flexibility. Yoga, an elixir that works on almost every new age predicament such as obesity, depression, diabetes, and panic attacks, is not a solution only for grown-ups but also for young children and can help them lead a better lifestyle as they grow up. Yoga is beneficial as it helps to improve memory function in both adults and children, a direct benefit of which would be better academic performance in children. It also helps to improve children's attention span and focus. Yoga and meditation help children in their mental and physical development. Hence, this club is an integral part of the co-scholastic arena of students.

### [Ink It club](#)

Ink It club focuses about journalism, another interesting arena. our school has set yardstick by launching E-magazine "Wingspan". It was widely read and appreciated by the students, their parents and Netizen. E-Magazine was launched with the purpose to save paper and trees. To update the students and their parents about the day-today activities and achievements that is taking place in the school campus through monthly Newsletter 'SRN Times'.

### [MUN Society](#)

#### Open configuration options

This provides an opportunity for young building leaders to deliberate, discuss and find out solutions to world problems. MUN Society organizes Inter-School and Intra-School MUN sessions to give a practical experience of how the UNO works, how delegates of different countries put forth a stand in their countries, and how world issues are addressed by the UNO.

### [Ramanujam Maths Society](#)

#### Open configuration options

This club is solely dedicated to Maths which raises the profile of maths as a subject. Various activities and programs are conducted to increase the engagement of students and show children that maths can be playful, exciting, and full of wonder. Working with peers from other classes and peer groups helps children share ideas and cultivate their mathematical and reasoning skills. This club encourages a positive attitude towards mathematics and stimulates mathematical curiosity. It also promotes cross-curricular thinking and the holistic development of pupils. In a nutshell, it develops a healthy interest in mathematics as a source of interest and achievement. Club inspires thinking, challenge, and collaboration.

#### [Reader's club](#)

##### Open configuration options

Everyone knows that reading expands the horizons and readers clubs help to do this at an even greater level, with the in-depth discussions and assimilations of different viewpoints all contributing to increasing the knowledge and appreciation of the world around them..

Reader's Club at SRN helps the students to improve their reading skills, and raise awareness of a wider range of written materials. It also helps to extend the reading skills, as students are always tempted to try different types of books that they might not otherwise have chosen by themselves. Students become accustomed to the comfort of reading in a favorite genre and may not realize how much they might enjoy altogether different types of books until they are persuaded to try them by other members of the reading group.

Despite not having a formalized classroom structure, reading groups are a fantastic place to promote learning. Each new book allows the opportunity to "start afresh" and "do better" - whether it is with more participation, improved leadership of discussions, and more commitment to reading or simply better retention of the information.

#### [RedX club](#)

Red Ex club which means redefining excellence is a club that is completely focused on English literature. This club is committed to tapping effective communication talent among students; the club is poised to enable the

talents with cutting edge. To develop and hone the literary skills of the students, the club inspires students to develop a taste for literature and also works in the direction of expanding their horizons of spoken and written language. Its intricate agenda includes a variety of activities aimed at building up confidence and grooming the talents of students in facing various interpersonal challenges and competitions. Club also focuses to inculcate among students a flair for the language and enhance their literary skills. Its focus is to induce reading habits in students and encourage them to become orators and display their intellectual, independent thinking skills and imbibe a sense of confidence.

#### [Rho Kappa Society](#)

The purpose of Rho Kappa society is to provide students with opportunities to explore the history and the social sciences as a career option and provide students with extracurricular opportunities by offering trips and/or activities that relate to history and the social sciences. Students coordinate information about educational opportunities and historical issues. The students demonstrate creativity as well as relevancy while producing projects within one of the fields of study.

This society is successful in achieving its goals and objectives i.e to promote and educate others on the importance of the history and Social Sciences in our world; to advance our knowledge and understanding of Social Science and through activities based on a noble cause, they also try to help the less fortunate through community service.

#### [Roboknights club](#)

Through participation in this club's activities, students learn how to express themselves and listen and relate to others— honing valuable life skills. STEM lessons are extremely important for students as they prepare to enter the 21st-century workforce. Through robotics, students can learn more than just how to code. This club provides a platform to those students who are interested in STEM skills, as mentors take care of fuelling students' passions and guiding professionalism to participating in a sport where everyone can turn pro and more. For the members of this club, creativity and problem-solving are essential in building a robot that can complete obstacles. Here children think out of the box and come up with

creative solutions while preparing robots.

#### [Thespian society](#)

Thespian Society is all about drama and stage art. This Club is dedicated to bringing the joy and power of Drama or Theatre to students by providing high-quality dramatic sessions at the beginner and intermediate levels. It aims to offer participants the chance to experience the excitement and rewards of theatre arts while developing poise, social skills, confidence, and the ability to work with others. Thespian Society encourages dramatic presentations by students in the form of skits, mimes, plays, etc. It also hosts the Annual Inter-school Skit competition. It's an excellent medium to give exposure to students in the field of performing arts.

#### [Vernacular Society](#)

The club aims to familiarise and expose the students of SRN to different regional languages spoken in India. The students are given a glimpse of the diverse linguistic culture of our country through various interesting activities and they also get acquainted with important regional languages.

The Vernacular Society organizes various activities that are aimed at providing basic information about the vernacular languages spoken in India and motivating the students to appreciate the beauty of different dialects. The club activities provide an opportunity for the students to explore some of the regional languages and learn how it is different yet great.

In some of the activities, students used to wear traditional dresses of various states and greet each other in the language spoken there. Such activities are a very enriching and joyful experience for all the students. They enthusiastically participate in all these and it's a great medium to make students proud of their culture India which is an apt example of Unity in Diversity

#### [Zippy Sports club](#)

Open configuration options

Zippy Sports Club provides an opportunity for children and youth to learn skills that will help them in school, as well as in their future careers and personal fitness. Through engagement in sports, they learn leadership, teamwork, problem-solving, responsibility, self-discipline, and a sense of initiative. Club Activities in the school play a vital role that can change a student's life incredibly forever. Today students' involvement in Sports on Campus is something that seems inevitable for high potential benefits. For example- the benefits of physical fitness can ensure mental well-being that protects you from some life-threatening diseases like diabetes, heart disease, etc. Moreover, sports activities build skills in students for a career. At SRN we conduct all types of competitive physical activities and games through casual and organized participation that utilize, maintain, and enhance physical abilities and skills while enjoying the participants. Through sports activities, students are making their lives as pleasant as they like as well as they are moving far in their future careers in sports and out of sports.

## Streams Combination

### [Commerce](#)

Our commerce education equips the student with the skills required to become tomorrow's global managers, marketers, economists, accountants, and financiers. Our pedagogic strategy inculcates the relationship between business and the community and gauges them as an explorer, an originator, and an entrepreneur because being an employee is not enough.

### [Science](#)

Science stream is an interdisciplinary research area that seeks to situate scientific expertise in a broad social, historical, and philosophical context. The science stream tries to gain an in-depth understanding of the world around us and beyond. Understanding the "how" and "why" of things has helped humans develop cures for diseases, protect wildlife and plant life, predict and prepare for climate extremes, send men to the moon and so much more.

### [Humanities](#)

Humanities is one of the most underrated streams of all. It is a common myth, well-circulated among the Indian psyche, that the Arts/Humanities streams are for students who are “not smart enough” for studying either Science or Commerce. On the contrary, SRN believes that the plethora of career options that are open for a student who has chosen the Humanities stream is ginormous. The Humanities are a wide field of study, with extremely interesting and mind-stimulating career options galore. At SRN Humanities is a branch of academic study and research

which encompasses a huge number of subjects. In general, the word itself can be used to describe 'the study of human nature and humanity.

SRN enable a student to choose a career from spanning a wide area; Entrepreneurship, Mass Media, Eng. Litt, Informatics Practices, Beauty Services and Fashion Designing & Garment Production.

[Cambridge](#)

[Cambridge Curriculums](#)

# Curriculums Offered SRN

## International School

### (Cambridge Board)

- Cambridge Primary (5-11 years)
- Cambridge Lower Secondary (11-14 years)

[Cambridge Assessment](#)

Assessment of learning is extremely crucial in facilitating the learning of all pupils involved. We strongly believe that assessment is an ongoing process that supplements and complements learning at the same time. The assessment

practices and procedures at SRN INTERNATIONAL (CAMBRIDGE BOARD) involve both major types of assessments i.e.

- Formative and
- Summative

Facilitators use a variety of assessment strategies, tools, and techniques to build a detailed understanding of each learner's development. Recording, Documenting, and Reporting assessment data is done meticulously, transparently, and with great attention to detail and to the individual needs of the students.

Assessment data supports teachers in designing learning experiences tailored according to the needs of their students. Specialists in the field of individual needs also track student progress and share their understanding with classroom teachers and parents.

Evidence of student learning documented through projects, tasks, and assignments as well as that of progress are shared with

parents at regular intervals through coffee mornings, parent-teacher conferences, meetings, and open house days besides student-led conferences and exhibitions.

## Formative Summative

Formative Summative are given to students of Class 1 and above. Such testing is done through a variety of individual or group activities/tasks in oral and written forms – as per the needs of the subject and topic concerned – and is designed not just on how much of the content of the topic concerned has been effectively assimilated by every individual student but also on how well students can apply the same to real-life situations.

## Summative Assessment

At the end of every term there are two-hour or three-hour examinations (in sync with Cambridge Assessment conditions) to ensure that every child can recall and effectively use the acquired knowledge.

## Progress Report

**We desire to assess and report on how effectively and creatively each of our students develops his/ her talents, skills, aptitudes, and attitudes to see things in a new light as well as throw new light on things. The Annual Evaluation Report is an interpretation of each student's cumulative performance during an academic session in the Formative assessment and Summative assessment.**

[Admission](#)

[Procedure & Confirmation](#)

### Learn4 Life

#### Aim

Happiness lies in the joy of achievement and the thrill of creative effort.”

**The NEP 2020 focuses on the skill-based learning pattern. Skill-based learning involves planning, implementing and analysing skills gained through knowledge-based learning methods.**

**Through various skill-based activities, students are motivated to think logically, analyse concepts and apply their insights. The idea behind this innovative and most in-demand learning method is to develop learners into independent thinkers and prepare them for the challenges in the future.**

**Skill-based education guides the students where to look, doesn't limit their world to what to see and so it is the true celebration of inquisitiveness of future seekers of the Millennium.**
